GOVT SUPPLIER

Strong, Stackable, Sustainable

**Rydmn Overseas** – *A trusted name in high-quality plastic product materials and innovative polymer solutions.*

## About Company

Rydmn Overseas is a leading supplier and exporter of premium plastic materials and industrial-grade polymer products. Our company is committed to providing durable, sustainable, and performance-driven plastic solutions similar to renowned brands like Supreme. With 15 years of experience in the plastic industry also govt supplier, we aim to deliver products that meet global standards for quality and reliability.

We offer a wide range of plastic raw materials, sheets, containers, pipes, fittings, and customized solutions designed for industrial, commercial, and domestic applications. At Rydmn Overseas, innovation and precision are at the core of everything we do — ensuring that our clients receive only the best products backed by professional service and timely delivery.

## Director Massage

We are committed to supplying reliable, high-quality industrial tools to government departments and industries with integrity, timely delivery, and full compliance with standards. Our focus is on building long-term partnerships through trust, transparency, and consistent performance.

**Ashwani Maheshwari**

Director

### Vision

To become a leading and trusted industrial tools wholesaler in India, recognized for excellence in supply chain management, quality assurance, and dependable service to government projects and industrial sectors.

### Mission

To supply high-quality industrial tools and equipment to government departments and industries by ensuring reliability, competitive pricing, timely delivery, and complete compliance with national standards, while building long-term partnerships based on trust and performance.
